

Two of the best in Dermatology have joined to better serve your needs.

To All of Our Valued Patients:

Excel Dermatology Institute has merged with Anne Arundel Dermatology, P.A., effective July 1, 2017.

“Are Dr. Faria, Dr. Suarez and PA Sangha still practicing?” **Yes, same hours, same location, same personal care!**

It has been and will continue to be an honor and privilege to be entrusted with your dermatologic care. But, changing times in healthcare and administrative complexities are distractions from our primary goal, providing exceptional patient care. We will now be able to focus our attention entirely on patients. With this new partnership, Anne Arundel Dermatology’s team will provide support for all administrative complexities.

We have decided to join Anne Arundel Dermatology, a respected practice with over 40 years of experience in Anne Arundel County and surrounding areas. Anne Arundel Dermatology and Excel Dermatology share a similar philosophy of personal service and we have known several of the Dermatologists a number of years.

This merger will benefit you in many ways. In the near future look for:

- Centralized phone hours for more convenient appointment scheduling.
- Centralized billing.
- On-line access to your medical records.
- Expanded participation with insurance carriers

To learn more about Anne Arundel Dermatology, visit aaDermatology.com or call our office for details, 703-827-7008.

Your medical records will remain at our office and you will continue to be greeted and treated by our providers and our amazing support team.

We feel this is a positive development for all of us and will allow us to focus primarily on your care!

We look forward to continuing our doctor-patient relationships with you as an affiliate of Anne Arundel Dermatology.

Thank you for your support,

Duyen Faria, D.O.
Sylvia Suarez, M.D.
Archana Sangha MMS, PA-C
